

# Viva 83 Acrylcolor®

Window with Acrylcolor acrylic glass coating that ensures intense colour, resistance to scratches, discolouration and thermal deformation. This solution is especially valued in modern architecture – both for its aesthetics and for the ease of maintenance.

**profile system**

Gealan S9000

**number of chambers**

6

**installation depth**

82,5 mm

**sound insulation**

up to 48 dB

**safety**

up to RC3

**glazing package**

4/12/4/12/4

 $U_g = 0,7 \text{ W/m}^2\text{K}$ 

4/18/4/18/4

 $U_g = 0,5 \text{ W/m}^2\text{K}$ **thermal transmittance** $U_w = 0,92 \text{ W/m}^2\text{K}$  $U_w = 0,76 \text{ W/m}^2\text{K}$
